

# St. Johns River State College

## COVID-19 Athletic Plan

### Spectators / fans

- Following CDC guidelines, adults 65 and over and all individuals with underlying medical conditions are strongly encouraged to avoid crowds and SJR State recommends they not attend athletic events.
- Social distancing of 6 ft or more must be followed in all bleacher areas with the exception of same family units.
- Individual chairs may be set up down the first and third base lines at softball and baseball fields with attention to social distancing.
- Individuals with household members exposed or who may have attended crowded areas in previous 10 days should not attend games.
- Face coverings are required in all spectator areas.
- Spectators / fans will not approach players / coaches during pre- or post- game activities.
- Fans must leave the event site at the conclusion of any game or match.
- Access to wipes or hand sanitizer will be provided at entry point of event.
- Signage and CDC recommendations will be posted to assist in compliance.

### Participants – staff and students

- Temperature checks for all student-athletes, coaches and game personnel prior to entering the site by SJR State athletic trainer / designee.
- Visiting teams must complete FCSAA COVID-19 survey prior to arrival regarding their symptoms. Home team athletic trainer / designee will complete FCSAA COVID-19 survey and temperature check upon arrival of visiting team.
- Visiting teams are required to check temperatures before departing from their home location. Temperature check by home team athletic trainer will be completed / verified for both teams.
- The visiting team must wait at the bus in the parking lot until all travel party members pass the temperature screening. Any visiting team member who has a temperature of 100.4 or greater will remain in the bus and be retested 15 minutes later. All visiting travel party members must wait for the second test approval prior to leaving the parking lot. If temperature is still elevated after the second test, the visiting team will not be permitted to participate in the contest.
- Limit contact between teams when possible, including the elimination of pre-game or post-game handshakes. (any form of contact).
- Hand sanitizer and wipes will be provided in the dugout / bleacher areas.
- Face covering is required if social distancing is not maintained.

### Officials, game staff, press box, scorer's table, PA, etc.

- Must wear mask, successfully complete the FCSAA COVID-19 questionnaire and successfully pass the temperature screening upon arrival.

### Athletic training plan

- Opposing teams are encouraged to complete all taping and treatments before arrival.
- Athletic trainer and athletes must wear a mask at all times when in the training room during any visitation, evaluation or treatment.
- Only 2 athletes at a time allowed in the training room and social distancing must be achieved. The 2 athletes must be from the same team.
- For visiting teams, athletic training room is for emergencies only.
- Athletic training room will follow pre-established and posted protocols.

### Response plan and protocols

- SJR State follows all CDC guidelines in response to COVID-19 cases.
